

A Spiritual Bouquet for Priests

A “spiritual bouquet” is a lovely way to show gratitude for the priests of our diocese and to express our appreciation and support for their vocation. Sadly their numbers are dwindling. Through the spiritual bouquet we can offer our prayers of support and thanksgiving. From next week when we are open for private prayer, there will be a basket at the back of the church containing slips of paper with names of all our priests in the diocese. Please take one and **commit to praying for that priest for the next year.**

You will also find on the website a novena for priests and several prayers which you may wish to pray.

You are also welcome to print off the family “spiritual bouquet” project which you might choose to use at home with your family. You might like to present or to send the completed card to your priest to express your thanks. He will greatly appreciate this gift!
